### **II Federal Issues:**

**A.** The US Conference of Mayors, led by LA Mayor Antonio Villaraigosa, is pushing for a timely extension of the surface transportation law (SAFETEA-LU) which expires September 30, 2011. The authorization has been extended seven times since expiring in October 2009. The Senate Environment and Public Works Committee is scheduled to act on a four-month extension, and possibly a two-year proposal, on September 8. In the House, it is unclear when the Transportation Committee will act on their six-year authorization proposal. Please urge your mayor to sign onto the attached letter as we continue to engage the delegation on this important issue.
